Ms. Hong,

Please be advised that Parker Smith & Feek is the insurance broker for Western Marine Construction, Inc., and have been since 1994. With respects to your letter received by our Insured July 17, 2008 (no date on the letter), referencing the above address, our insured has rented a storage yard at this location from Boyer Logistics since November 2001. They use this as temporary storage of job supplies in container vans and large construction equipment that is not being used in their Alaska operations

This property is not and never has been covered under our Insured's property coverage, nor do they carry any type of Pollution coverage on this location.

Attached is a list of their Marine General Liability and Bumbershoot coverage since 2001, along with loss runs showing no losses at this property location.
